Impact Summary

We have continued to use current educational research to shape our Pupil Premium offer and in line with EEF findings will be investing funding into further developing teacher pedagogy in line with the EEF Literacy and numeracy guidance reports and Pupil Premium report in order to maximise Wave 1 teaching. We have further developed our phonics provision and this included our lead practitioner receiving training and then working with the English Hub.

Funding was used to further enhance the skills of teaching staff, in order to maximise the impact of teaching and learning to ensure Pupil Premium children reached their full potential. We firmly believe that good teaching is the most important lever schools have to improve outcomes for disadvantaged pupils. Using the Pupil Premium to improve teaching quality benefits all students and has a particularly positive effect on children eligible for the Pupil Premium. With this in mind, our Pupil Premium strategy was rooted strongly in the CPD of our staff.

Priority 1

Ensure all relevant staff (including new staff) have received training to deliver the phonics programme, Letters and Sounds, effectively.

Priority 2

Embed Teaching for Mastery (Power Maths) across all year groups.

Due to Covid-19 school closures, it has not been possible to collect accurate end of year summative data and as a result the overall efficacy of the 2019 – 20 Pupil Premium cannot be fully reviewed and evaluated. End of year teacher forecast data was issued to the LA and FFT data was used to support the identification of trends as well as provide regional comparison.

The online learning platform Seesaw was purchased and used to provide the children with a range of home learning activities. This was supplemented with paper learning packs for those children and families who are unable or had difficulty accessing digital learning. Telephone calls were made to families that did not engage by either the class teacher or our pastoral team. These calls have been to provide solutions to any barrier to home learning. Next steps The plan will continue into 2020-21 with modifications to ensure it fits with both the school's risk assessment and Covid-19 safe working practices. This plan will be reviewed in Autumn in response to updated, in-school assessment data from diagnostics. There will be a strong focus on oracy and literacy in the coming year across the School Development Plan and the Pupil Premium Plan.
