A DfE announcement in July 17 stated that the PE and sport premium grant will be doubled – Education Secretary Justine Greening stated that the money would materialise in September, as part of the £1.3 billion in additional funding promised to schools over the next two years. As a result of the increase in funding, the accountability measures of the grant will be far more stringent; ultimately, schools will not only be far more accountable for the use of the grant but also in terms of outcomes upon pupils' general wellbeing and fitness.

It is expected that schools will see an improvement against the following five key indicators:

1. The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. The profile of PE and sport being raised across the school as a tool for whole-school improvement
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport
4. Broader experience of a range of sports and activities offered to all pupils
5. Increased participation in competitive sport

This year we will look to further increase our participation in sport (last year, all of our year 6 children took part in an external sporting event), providing a border range of opportunities for pupils in the wider school community, cluster and the city. We are also looking to raise standards, attainment and progress of all pupils within the curriculum. Moreover, we strive to promote healthy and active lifestyles for all our children.

We will evaluate the impact of the Sports Premium funding as part of our normal self-evaluation arrangements. We will look at how well we use our Sport Premium to improve the quality and breadth of PE and sporting provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of. We will look at pupil's progress in PE as well as other areas of development such as self-esteem, confidence and the numbers of pupils involved in sporting activities in and out of school. Assessments will be made both formally and informally using our school assessment systems as well as feedback from staff and visitors to the school. We will also evaluate the impact of professional development opportunities in improving teaching and learning in PE.

The grant is for £19,490 + £3118 unspent 19/20 = £22,608 for this year.
